

BLACK LEADERSHIP
ADVISORY COUNCIL

Black Leadership Advisory Council: Gyasi Akem

Name: Gyasi Akem

Title: Sales Representative

Location: Tulsa, Oklahoma

Date of Hire: August 2018

Why did you choose to participate in BLAC?

I always felt I can be a leader in change within the Black community. I push the envelope as far as challenging my peers and I plan to do the same on this committee.

What do you hope to accomplish as a member of BLAC?

I do not hope to so much change the atmosphere as far as the company is concerned, but rather educate those around me to be more aware of the current climate.

What is your vision for current and future Black professionals?

My vision is to encourage more Black professionals to be comfortable socializing and participating in the workplace.

Why does representation matter to you?

I think it matters because without representation there is no way to properly make your case for change.
