

Name: Kevin Williams

Role: VP, Supplier Business Development

RNDC Work Location: Dallas, TX

Why is environmental sustainability important to you?

Our future depends on the sustainable work we do today. It's important for everyone to realize the importance of this and to all do their part, whether it's big or small.

How do you contribute to reducing your environmental impact – personal and/or professional? What areas of impact or organizations are you most passionate about?

For me personally, it's the basics, we teach our kids about recycling and reusing materials along with minimizing waste.

Why is having the Green Team important and why did you volunteer to be one of the group leaders?

It's important so that we bring heightened awareness to this critical initiative by working with our associates, suppliers and local communities to minimize our environmental impact.
